A Covenant with God

June 13 - 14, 2009

TZADI

18th Letter of Hebrew Alphabet

Old Testament righteousness was not attainable under the law.

Attaining His righteousness is obtainable under grace by faith in the new covenant. One who has attained, sought, found, and received by faith His (Christ) righteousness will have **tzadi** fruitfulness.

Tzadi righteousness fruit is one who has eagerly embraced family, friends, community and responsibility in God's house. You bring light, love, life, from the invisible heaven to the visible mundane world and give off a true perception of God and all His power.

Ancient Hebrew admonished man to give 30 days (build a new habit) four consecutive Sundays in the House of God. To give cheerfully, serve joyfully, compassionately, compatibly, and anonymously is the highest form of giving, and the 30 days will bring to fruition fruitfulness in your life.

Love, light, life changes you and the world around you.
