

New Year, New You
Part 2
January 9-10, 2010

Beit is the first letter in the Bible and the second letter in the Hebrew alphabet. Beit is associated with the house, a divine dwelling place, a habitation for God. Beit represents the primal receptive energy, the universal home, the infinite womb of fertility from which everything is born and nourished.

(Paraphrased)

From the foundation of time, God had church, a holy dwelling place. (He inhabits the praises of His people.) The church and your connection is where the power and energy of God is released to the passionate. With His presence and energy and power, everything is for you, and your life is nourished with life and life more abundant.
